a means YES

Grandfather legislation

means people who have in the past performed radiography legally with less or no training, who are not actually qualified under current legislation, but who are allowed to continue to practice for the time being.

Those who perform radiography

- 7.1 Are there those, other than radiographers and radiologists who are officially allowed to perform radiography.
 7.2 If YES a definition of who those are and when it occurs
 7.3 Are there those who perform radiography without official permission
 7.4 If YES, a definition of who those are and when it might occur
